

Black letters are mainly descriptions of patterns.

Blue letters are descriptions of polar caps and clouds.

Brown letters are the description about dust.

Red is a special note.

Stanislas Maksymowicz は、今日もフィルター観測で低緯度の淡い雲を記録した。北極地方も南極地方も白い雲に覆われている。Carsten Bauer はリムの南の端に明るい斑点を記録している。色と明るさを見て考えたが、ダスト混じりの白雲のように見える。

(by 4 observations; reported by Makoto Adachi)

2021, Mar. 07

Stanislas Maksymowicz still recorded low-latitude pale clouds in filter observations today. Both the Arctic and Antarctica regions are covered with white clouds. Carsten Bauer has recorded bright spots on the southern edge of the rim. He looked at the color and brightness, but it looked like a white cloud of dust.
